

**KEEP YOUR  
LINENS IN CHECK.**

**LinenHelperNet®**  
The Industry's Most Recognized Linen Management Software

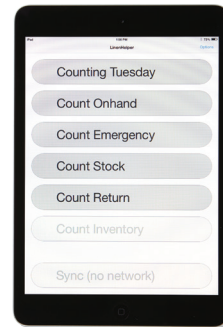

# REVOLUTIONIZING LINEN MANAGEMENT.

Navigating unpredictable overstocks, shortages, pilferage and excess usage can be challenging and time-consuming. That's why Medline offers LinenHelperNet, a powerful and intuitive online program that makes it easy to capture detailed quantities, weights, charges and more. Exclusively for Medline Textile customers.

## Designed for Custom Reporting

Using distribution pars and days of circulation, LinenHelperNet automatically calculates the ideal inventory levels. This results in dramatically reduced shortages and overstocks. Custom reports can be generated to help solve your unique challenges:

- » Compare department utilization side by side
- » Find usage patterns
- » Spot overuse
- » Create best practices
- » Compare patient day information to target data, such as department goals or national benchmarks
- » Track usage over time
- » Monitor receipts and deliveries by item or weight

Android® Device

## Quick to Learn, Simple to Manage

No special computer or data processing skills are needed, and we provide training at no charge to your facility. Our handheld device (sold separately) is compatible with Apple® and Android operating systems and makes it easy to enter data and make calculations based on actual inventory. To share data, simply save a report as an Adobe® pdf or an Excel® spreadsheet.

## Customized Website for Your Facility

LinenHelperNet is a fully web-based service – no software purchases or complex installations are required. We provide your facility with a dedicated, secure website that's accessible from any internet-connected computer via private user names and passwords for your team.
